Program Update: *Suffragette*, one night only local screening

-- By Janet Forbes, Program VP

Suffragette

*One night only local screening
Saturday, January 9, 2016 8 pm
Reg Lenna Center for the Arts
116 E. 3rd St., Jamestown*

Suffragette is a drama that tracks the story of the foot soldiers of the early feminist movement in the UK, women who were forced underground to pursue a dangerous game of cat and mouse with an increasingly brutal State. These women were not primarily from the genteel educated classes; they were working women who had seen peaceful protest achieve nothing. Radicalized and turning to violence as the only route to change, they were willing to lose everything in their fight for equality - their jobs, their homes, their children and their lives. Maud was one such foot soldier. The story of her fight for dignity is as gripping and visceral as any thriller, it is also heart-breaking and inspirational.

Rated PG-13. 106 minutes. Starring Carey Mulligan and Meryl Streep.

Members of the AAUW Jamestown Branch will be in the lobby to promote our programs and will have information available about women's suffrage in New York State and nationally. New branch members can join at a reduced rate at this event. Volunteers are

needed to staff our table before and after the screening and share the good news of AAUW. If interested, please contact Janet Forbes at #490-2616 or jlforbes@hotmail.com.

Please share info about this screening on your Facebook page and invite your family and friends. This screening is a great lead-up to the celebration of women's suffrage in New York State which was approved in 1917 and ratification of the 19th Amendment in 1920. It is also a terrific, first-time collaboration with the Reg Lenna Civic Center and great outreach opportunity. Let's pack the Reg!!

Please stay after the movie for tea, cake and a lively discussion on suffrage and the women's movement both internationally and at home. Members and representatives from the Reg Lenna Center for the Arts Board of Directors, a local book club, the Child Advocacy Program and the AAUW will participate in the discussion. We'll convene in the inner lobby. It'll be a riot!

Our Branch EOF Grant Recipient

-- By Elaine Damsteegt, EOF VP
(and Michelle Patten, grant recipient)

This year's recipient of our branch EOF Grant #1445 was Nicole Patten. She received \$7300.00 from us. I have been in communication with her, and it has been a joy. Following is a letter from her:

Let me tell you a little bit about what I've been up to and how I plan to move forward with my career in the future. I've been teaching myself computer programming and web development and design for the past year and a half. Most of my work has been online or at meet-ups such as Girl Develop It. I have a background in bio-chemistry, psychology, and neuroscience and had never taken a computer class until recently, so the learning curve has been very difficult, but I have been persistent.

After some freelance and pro-bono projects I was lucky enough to get a full-time job as a web developer almost a year ago where I realized how much more there was to the field that I had yet to learn. I decided to apply to Fullstack Academy and after a rigorous application process (two tests and three interviews) I was finally accepted. The course was set to begin this September but was pushed back due to program restructuring and will now start with pre-course work next month. The course tuition was also raised to \$15,000. It is a full-stack software development

boot camp and is one of the most (if not the most) renowned program of its kind in the US. I am very eager to start and would not be able to attend if it weren't for the grant from AAUW.

This past Monday I began a new full-time position as a web developer at a new company called Experience Interaction. It has been an exciting yet busy and stressful week as I'm realizing how far I still have to go as a developer. As they say in my field, "The more you know, the more you realize you don't know."

Once classes start next month I will be working full-time and taking part-time classes another 20 hours a week for six months. I am extremely excited to get started although I know it will be difficult. I am very grateful for this opportunity and it would not be possible without the grant from AAUW. In the future I have goals of helping to create new technology that can positively impact our world and possibly the field of mental health, although I'm taking things one step at a time.

Thank you for your encouragement! Please stay in touch!

Warmly,

Nicole J. Patten

Get in the Game

Attention all AAUW members!! WE NEED YOUR HELP! We are in need of member volunteers for our 17th Annual Get in the Game event, which will be held at JCC, Saturday, March 5, 2016 from 8:30 AM - 4:00 PM.

What is Get in the Game? It is our local celebration of National Girls and Women in Sports Day and has been a huge success for the past 15 years. Girls in grades 4-7 spend the day at JCC rotating through several different sports sessions, trying them out and learning new skills. They also create new friendships

and develop self-confidence. We cannot continue this wonderful event without the support of our members. Please consider donating some of your time to encourage our area's young girls to participate in sports. This year we are working on including GITG favorites like kayaking, basketball, rugby, track, gymnastics, self-defense, and others.

Email Rae Lynn DeAngelo at reimondo@stny.rr.com or call her at 386-2052 if you are able to volunteer or would like more information.

Public Policy

-- By *B. Dolores Thompson, Public Policy VP*

Election 2015 is over and all figures and statistics compiled. According to the Chautauqua County Board of Elections commissioners, the turnout was in keeping with previous local-only elections. Out of the 75,296 eligible registered voters, only 19,945 - 27% - took advantage of the opportunity. Basically, for everyone who voted, 3 stayed home.

Another equally, or even more disturbing figure, is the number of uncontested races. Of the 195 races only 41 were contested, barely 20%. This diminishing interest in political office does not bode well for the future. With no choice for a particular office, there is no incentive to vote. Of interest, 12 incumbents in the 41 contested races lost their bid for reelection.

Circle of Distinction

-- By *B. Dolores Thompson, Public Policy VP*

In 1986 Jamestown celebrated its centennial as a city. The CoD celebrated two daughters of Gov. Reuben E. Fenton. Born into privilege and married to prominent businessmen, they founded, created, and served six organizations that contribute to Jamestown's cultural life today, nearly 150 years later.

Josephine was born April 15, 1845 in the family home in Frewsburg. Jeanette followed November 2, 1849. Josephine graduated from Elmira College in 1864 with a BA degree. Jeanette attended Elmira College. Both attended Mme. Meers' French School in NYC where Jeanette studied voice.

Jeanette married J. Niven Hegeman in 1870 with whom she had three children. Following a divorce (a

Another Successful What's New Fair

-- By *Mary Lee Talbot, What's New Fair Co-Chair*

About 1350 people attended the AAUW What's New Fair. We have cleared about \$11675 toward scholarships for 2016. The community was very generous, providing 51 prizes for the raffle and supplying the Hospitality Cart. Santa and Mrs. Claus made an appearance. Our members volunteered their time and talent to work at the Fair, make or find items for the

The voting records reveal another area of deep concern. Who is voting - who is not voting? The older generations, those over 65, claim 42% of those who voted, while those aged 34 and under only 7% took advantage of this right. Also of interest, nearly 1,000 more women than men voted. Why more women? Fellas, where are you? Women do not outnumber you by that margin.

The seeming lack of interest in politics and voting in the younger generation - my grandchildren's ages - is deeply disturbing. If hardly anyone votes, there will be no reason to have elections, which will lead to ??? Is this the America George Washington and all the others fought for? Is this the United States millions of women marched for? Went to jail for?

real scandal), she married Albert Gilbert in 1883, an officer with Fenton Metallic Co. They had one son.

Josephine served as her father's hostess during his four years as governor and later traveled with him to Europe when he was a senator on official US business. In 1881 she married Frank E. Gifford, president for 40 years of First National Bank. They had two daughters, the older dying in infancy.

Josephine was a founder of Creche and served as president of the WCA Hospital Board of Directors for 20 years. She was a founder of the Mozart Club, serving as president 40 years. Jeanette was active in these organizations also, as well as Fortnightly and patriotic activities. She was an organizer of the YWCA and served on the Agnes Home Board.

AAUW table, or bake for the Sweet Shoppe. Thank you, everyone, for your help and support! Students from Chautauqua Lake, Southwestern, Jamestown and Pine Valley came to help. Special thanks to Maggie Irwin for developing the street banner that will be able to be used for years to come. Dates for 2016 are still being negotiated with JCC.

LAF Case

-- Information provided by Laurie Holthouse, LAF Co-VP

A current LAF case concerns military survivors of sexual assault. In *Baldwin et al vs. the Department of Defense* 4 female service members were forced to endure sexual assault or rape. Each tried to seek justice through the military's system; they claim the military failed to provide fair hearings or protect them from retaliation. The military also allowed those who were themselves accused of sexual harassment or assault to serve as the convening authority in charge of each investigation.

The plaintiffs also allege that the US Department of Defense failed in its duty to protect them from a sexually hostile work environment.

Baldwin matters as 200,000 women are in the active-duty military and the DOD estimates that 19,000 sexual assaults occur in the military each year. AAUW continues to call for reform in the military justice system, and this lawsuit could help bring justice to veteran survivors.

EOF and LAF Fundraising Efforts Pay Off

-- By Elaine Damsteegt, EOF VP; Laurie Holthouse and Linda Fellows, LAF VPs

Thank you to everyone who has worked hard and donated to EOF and LAF this year. We have earned \$348.00 so far in the Schwan's Cares program. Ordering to build that even further with 5% of orders continues through Feb. 16, so please continue ordering and if you have not yet ordered, there is still time to participate.

In addition, we made \$63.76 on Christmas wreath sales this year. Put this in the back of your minds as

something you want to participate in next November.

Thank you also for your generous monetary donations at our Holiday Gathering. We raised \$225.00 for our LAF and EOF funds from the party alone.

These projects and the garage sale made it possible for us to meet fundraising goals this year. We thank you.
